

**Forks of the Delaware Historical Arms Society, Inc.
Display Agreement**

This organization's goal is to service collectors. Since we are a collectors' club, we offer the opportunity to display for awards. The displays are designed to entertain and educate other collectors and the public. In order to qualify for a display award, the following conditions must be met:

- **I certify that all items within my display are owned by me and no items making up my display are on loan from another individual or organization.**
- **I certify I am not currently involved in a purchase of any item for this display, which will be sold back to the owner, either directly or indirectly, after the display is over.**
- **I understand that either violation of above will prohibit me from future displays, and may result in the loss of my club membership.**

Organizations and partnerships can still display but the club must be notified. Organizations' and partnerships' displays will not be judged nor will they qualify for any awards.

Each Displayer is limited to two times each year. I understand my display limits cover my family members, employees, and individuals setting up with me at the show.
